

# JERMYN STREET

**Project Update**

**22nd May 2019**

## **Resurfacing works postponed**

**The carriageway resurfacing works on St. James's Street between Piccadilly and Ryder Street in the southbound direction and on St James's Street between Piccadilly and the Bennet Street junction in the northbound lane, will no longer be taking place on the evenings of the 23rd and 24th May.**

**These works have been postponed due to urgent utility works to be undertaken by a third party contractor. Whilst these works are unrelated to the Jermyn Street Public Realm project, it is necessary for these utility works to be undertaken prior to any resurfacing works taking place to ensure the new carriageway isn't excavated after it has been completed.**

**Further updates of when these works will be taking place will be provided via email.**

**We apologise for any inconvenience this delay may cause, if you have any queries or concerns relating to these works please get in touch by emailing [JermynStreet@wsp.com](mailto:JermynStreet@wsp.com). Thank you for your patience.**
